

REMARKS/ARGUMENTS

The NOTICE OF NON-COMPLIANT AMENDMENT mailed 10/09/2007 stated that Claim 9 did not include one of the acceptable status identifier, and that the canceled claims 14-24 were improperly presented and need only be identified as "Canceled".

The above amendment corrects for these errors, and amends several grammatical errors since discovered.

Claim 4 has been amended to change "magnetic" to "magnet" in order to correct for grammar.

Claim 9 correctly identified this claim as being "previously amended" but did not remove the indications in this claim that were amended. Claim 9 continues to refer to this claim as "previously amended" but includes the amended portion in the body of this claim without any of the strike troughs' or underlining's.

Claims 10 and 11 are both dependent claims that recite "steps" instead of the proper singular form "step". Thus, these two claims are amended to recite "step" instead of "steps" in the preamble of each claim.

The text for claims 14 through 24 were removed from the listing and replaced with the proper identified "canceled".

This amendment is considered to correct for the issues concerning the Non-compliance of the earlier notice.

Applicant respectfully requests that a timely Notice of Allowance be issued in this case.

Respectfully submitted,
